

THE SEA

The sea gives life
The sea brings back memories of loved ones
The sea brings wisdom
The sea makes you breathe
It heals and brings happiness

The sea calms people
and makes bad thoughts disappear
The sea makes us have fun
and regenerates us
Sometimes it's melancholic and
sometimes it's a rebel
and makes people fall in love

The sea is a home
The sea makes music
The sea is a home
The sea makes music

The sea calms people
and makes bad thoughts disappear
The sea makes us have fun
and regenerates us
Sometimes it's melancholic and
sometimes it's a rebel
and makes people fall in love

The sea is a home
The sea makes music
The sea is a home
The sea makes music
